OUR STORY

Triumph Machinery Corporation (**TRIMCOR**) has been in the business of supplying pumps, electric motors, controls, and other related products and services **since 1971**. Trimcor's operation in Manila has expanded to two more branches in the Visayas, namely, Cebu and Bacolod. Trimcor's aggressive sales force addresses the needs of various industries and is backed-up by a skilled and efficient technical service crew.

Trimcor Makati office in 1971

*Because our relationship with
our clients are long term,
we make sure that
supplementary items and
spare parts are of ample
supply should the need arise.*

TRIMCOR maintains a large inventory of its pumps to alleviate clients from having to wait for incoming shipments of stocks. Because our relationship with our clients are long term, we make sure that supplementary items and spare parts are of ample supply should the need arise. Again, this is to the client's convenience. Trimcor's support service for post-sales requirements is considered to be the best in the market. So much so that some of our clients maintain service contracts with us to keep their pump installations worry-free.

TRIMCOR is a recognized name in the process industry, construction, cement, food, agricultural, marine, sugar, chemical, petroleum and waste water/ sewage treatment sectors for we carry pumps and motors that are specially suited for the requirements of various industries.

With such a broad product range to meet various industrial applications, we are confident that we can be your partner in success and growth.

PUMPS

PRODUCT LINES

PENTAIR SOUTHERN CROSS

(Made in Australia)
ISO REGISTERED COMPANY

- Centrifugal Pumps – ISO 2858 STD, End Suction Pedestal type or Close-Coupled, Cast Iron, Bronze and 316 SS construction available
- **Application: General water services, industrial and commercial service, fire protection, mining, agricultural, high efficiency applications**

PENTAIR FAIRBANKS NIJHUIS

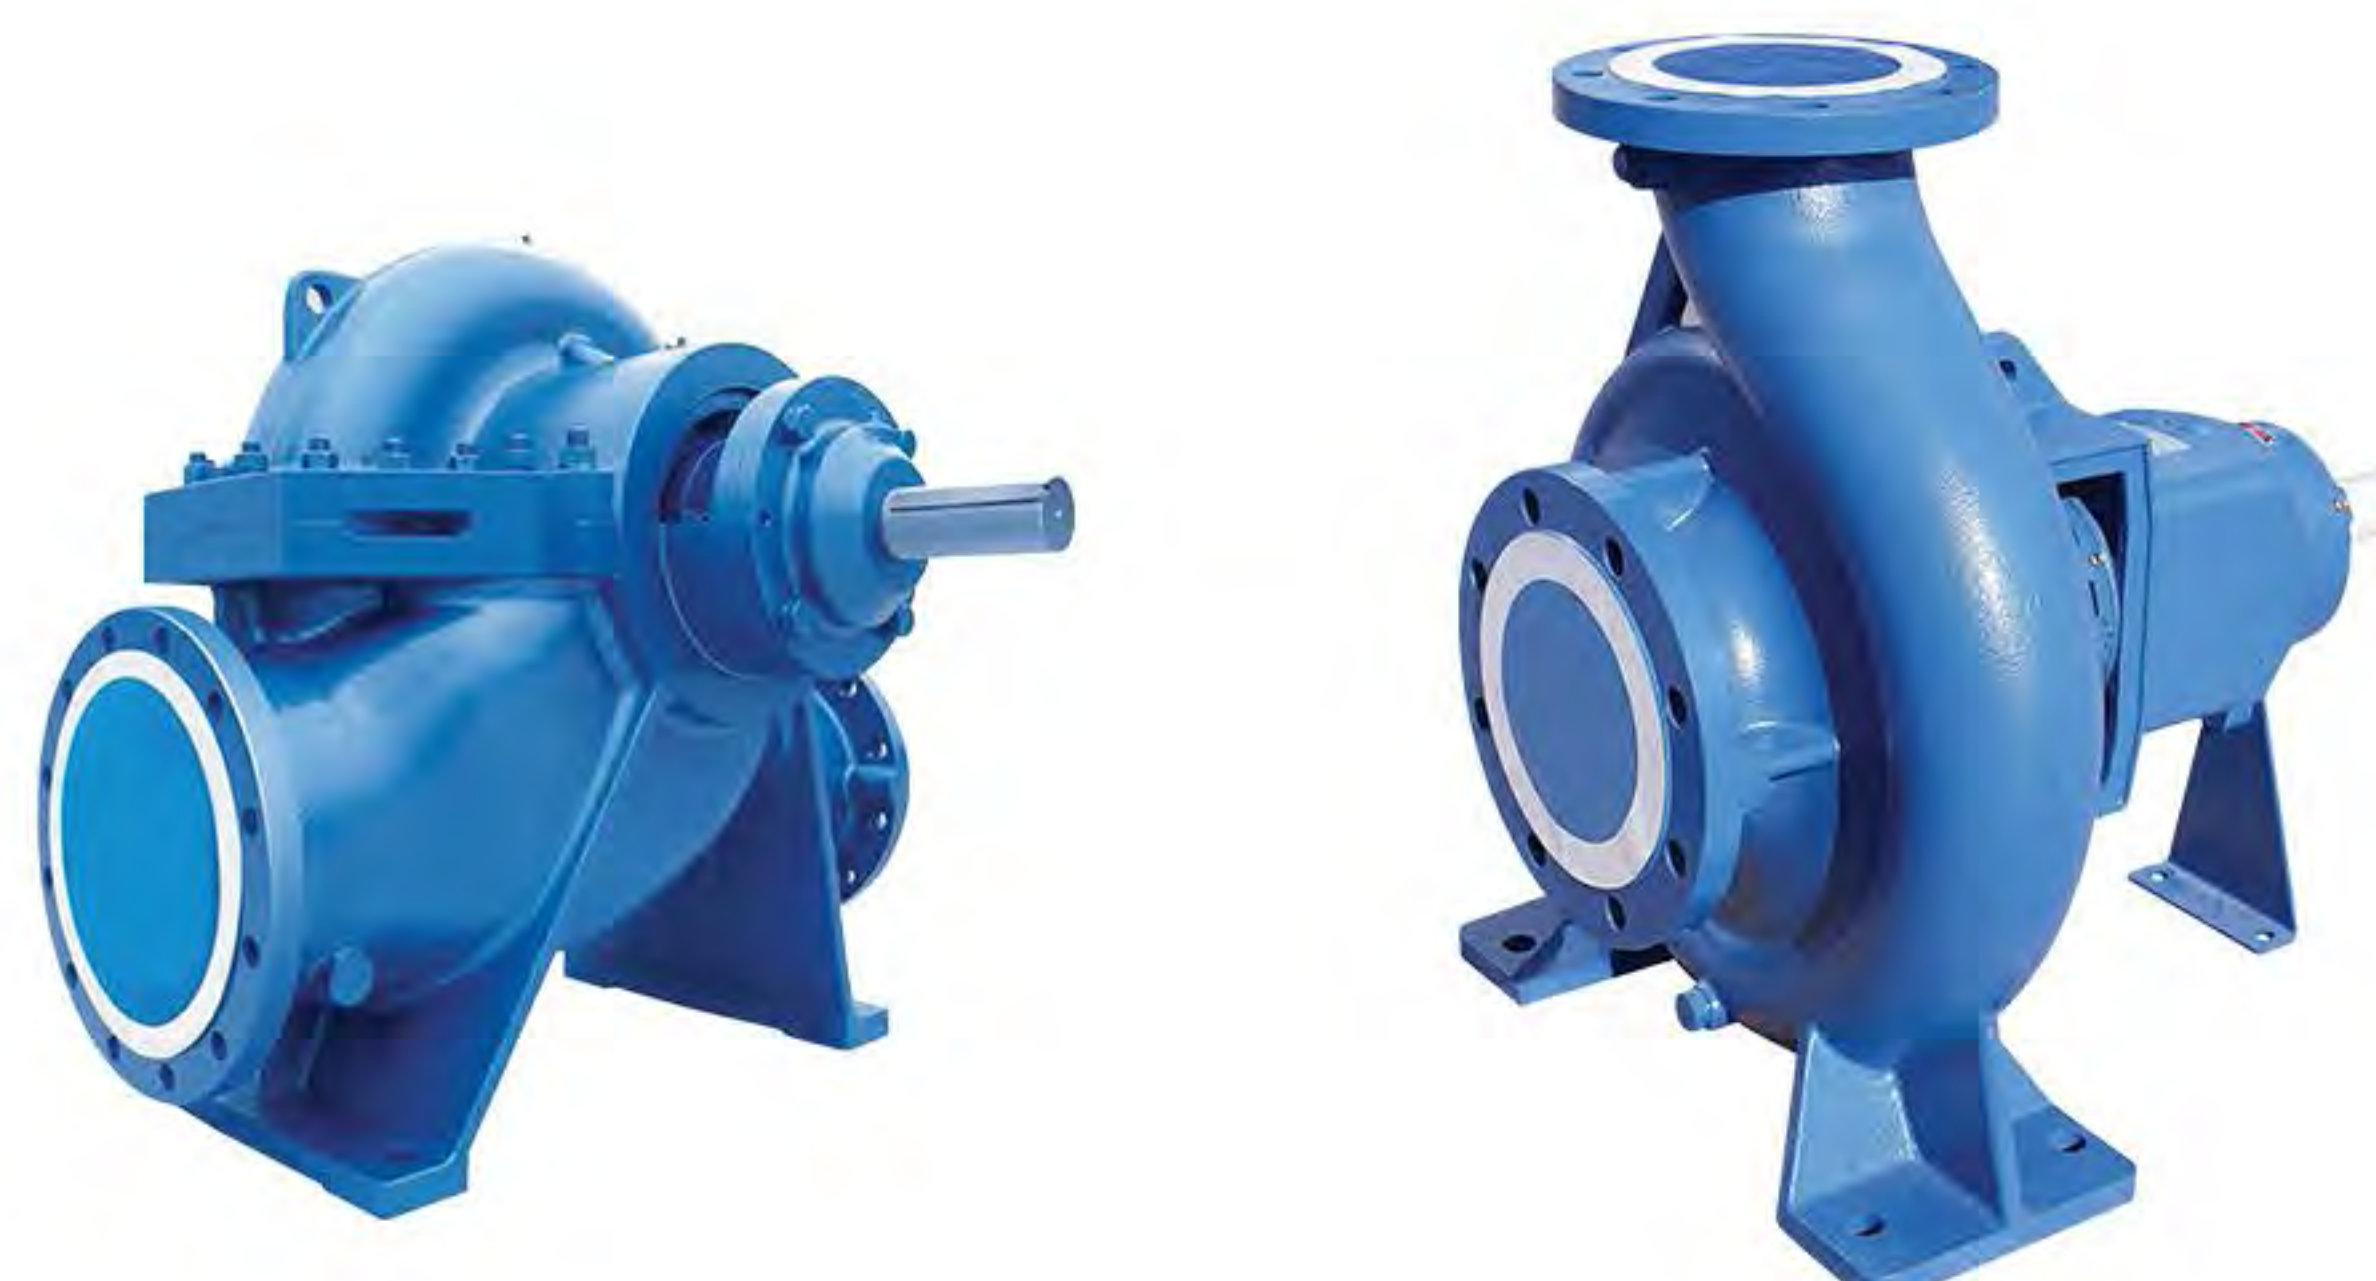

- Horizontal & Vertical Split Case, Vertical In-Line, End Suction and Vertical Turbine
- Application: ULFM and non-ULFM Firepumps and general water services**

GPA PUMPS

- Centrifugal Pumps – DIN 24255
 - Process Pumps
 - End Suction Pump in Long or Close coupled configuration
 - Cast Iron, Bronze, Stainless Steel constructions available
- Application:** General water service, sugar mill service, industrial service, marine pumping

VARISCO

(Made in Italy)
ISO REGISTERED COMPANY

- Self-Priming Centrifugal Pumps, Cast Iron or Stainless Steel Construction
 - Gear Pumps
- Application:** WWTP Services, dewatering, general water services

WILO SUBMERSIBLE PUMPS

- (Made in Korea)
- Submersible Sewage Pumps
- Application:** WWTP Services, dewatering, submersible sewage and drainage general water services

Q SANITARY FOOD GRADE PUMPS

(Made in Mexico)

- 3A Sanitary Food Grade Centrifugal Pumps and fittings in SS316L construction

Application: Food services, pharmaceutical services requiring sanitary application

XYLEM-LOWARA PUMPS

(Italy)

ISO REGISTERED COMPANY

- Vertical Multi Stage Pumps

Application: General water services, high pressure applications

DESMI ROTAN

(Made in Denmark)

ISO REGISTERED COMPANY

- Heavy Duty Gear Pumps, Available in Cast Iron or Stainless Steel Construction

Application: Fuel, asphalt & bitumen, sugar & molasses, paints & inks, viscous oils, chocolate, soaps & detergents, and other viscous liquids

ROTO PUMPS

(Made in India)

- Progressive Cavity "Screw" Pumps

Application: For food service industries, WWTP services, mining, construction, chemicals, soap & detergents, sugar & molasses, pulp & paper, oils, paints, other viscous liquids for industrial applications

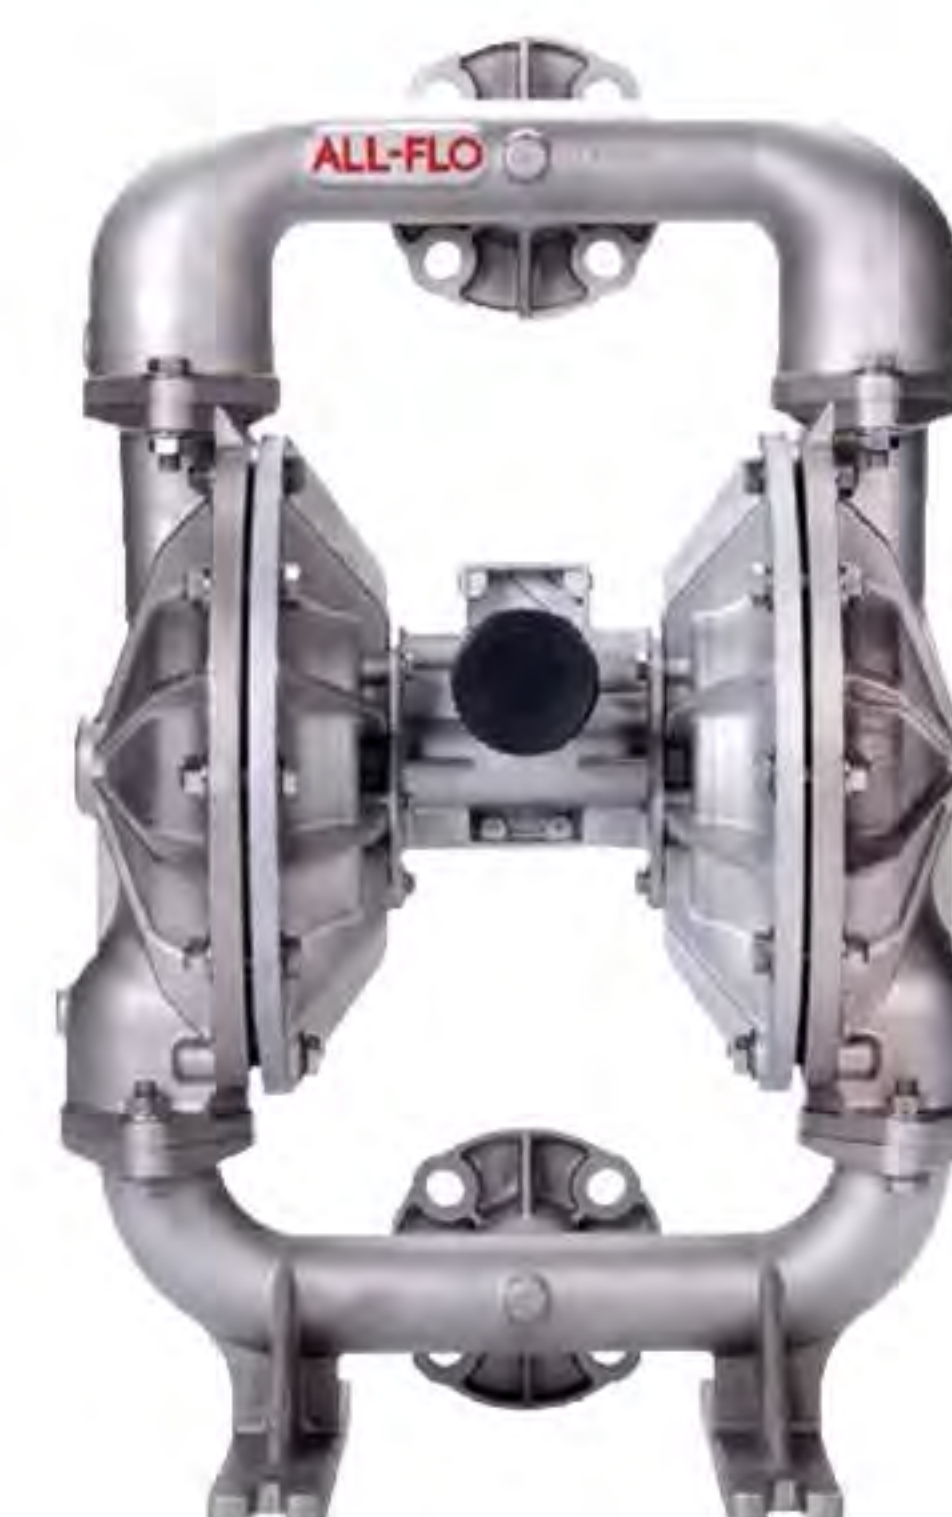

ALL-FLO DIAPHRAGM PUMPS

(Made in the USA)

- Air Operated Diaphragm Pumps

Application: For food service industries, WWTP Services, mining, construction, other industrial applications, chemicals, oils, other viscous liquids

FINISH THOMPSON CHEMICAL PUMPS

(Made in The USA)

- Magnet Driven Chemical Centrifugal Pumps
- Drum Barrel Pumps

Application: Chemical pumping

DOSEURO METERING PUMPS

(Made in Italy)

- Dosing Pumps / Diaphragm Metering Pumps

Application: Chemical pumping

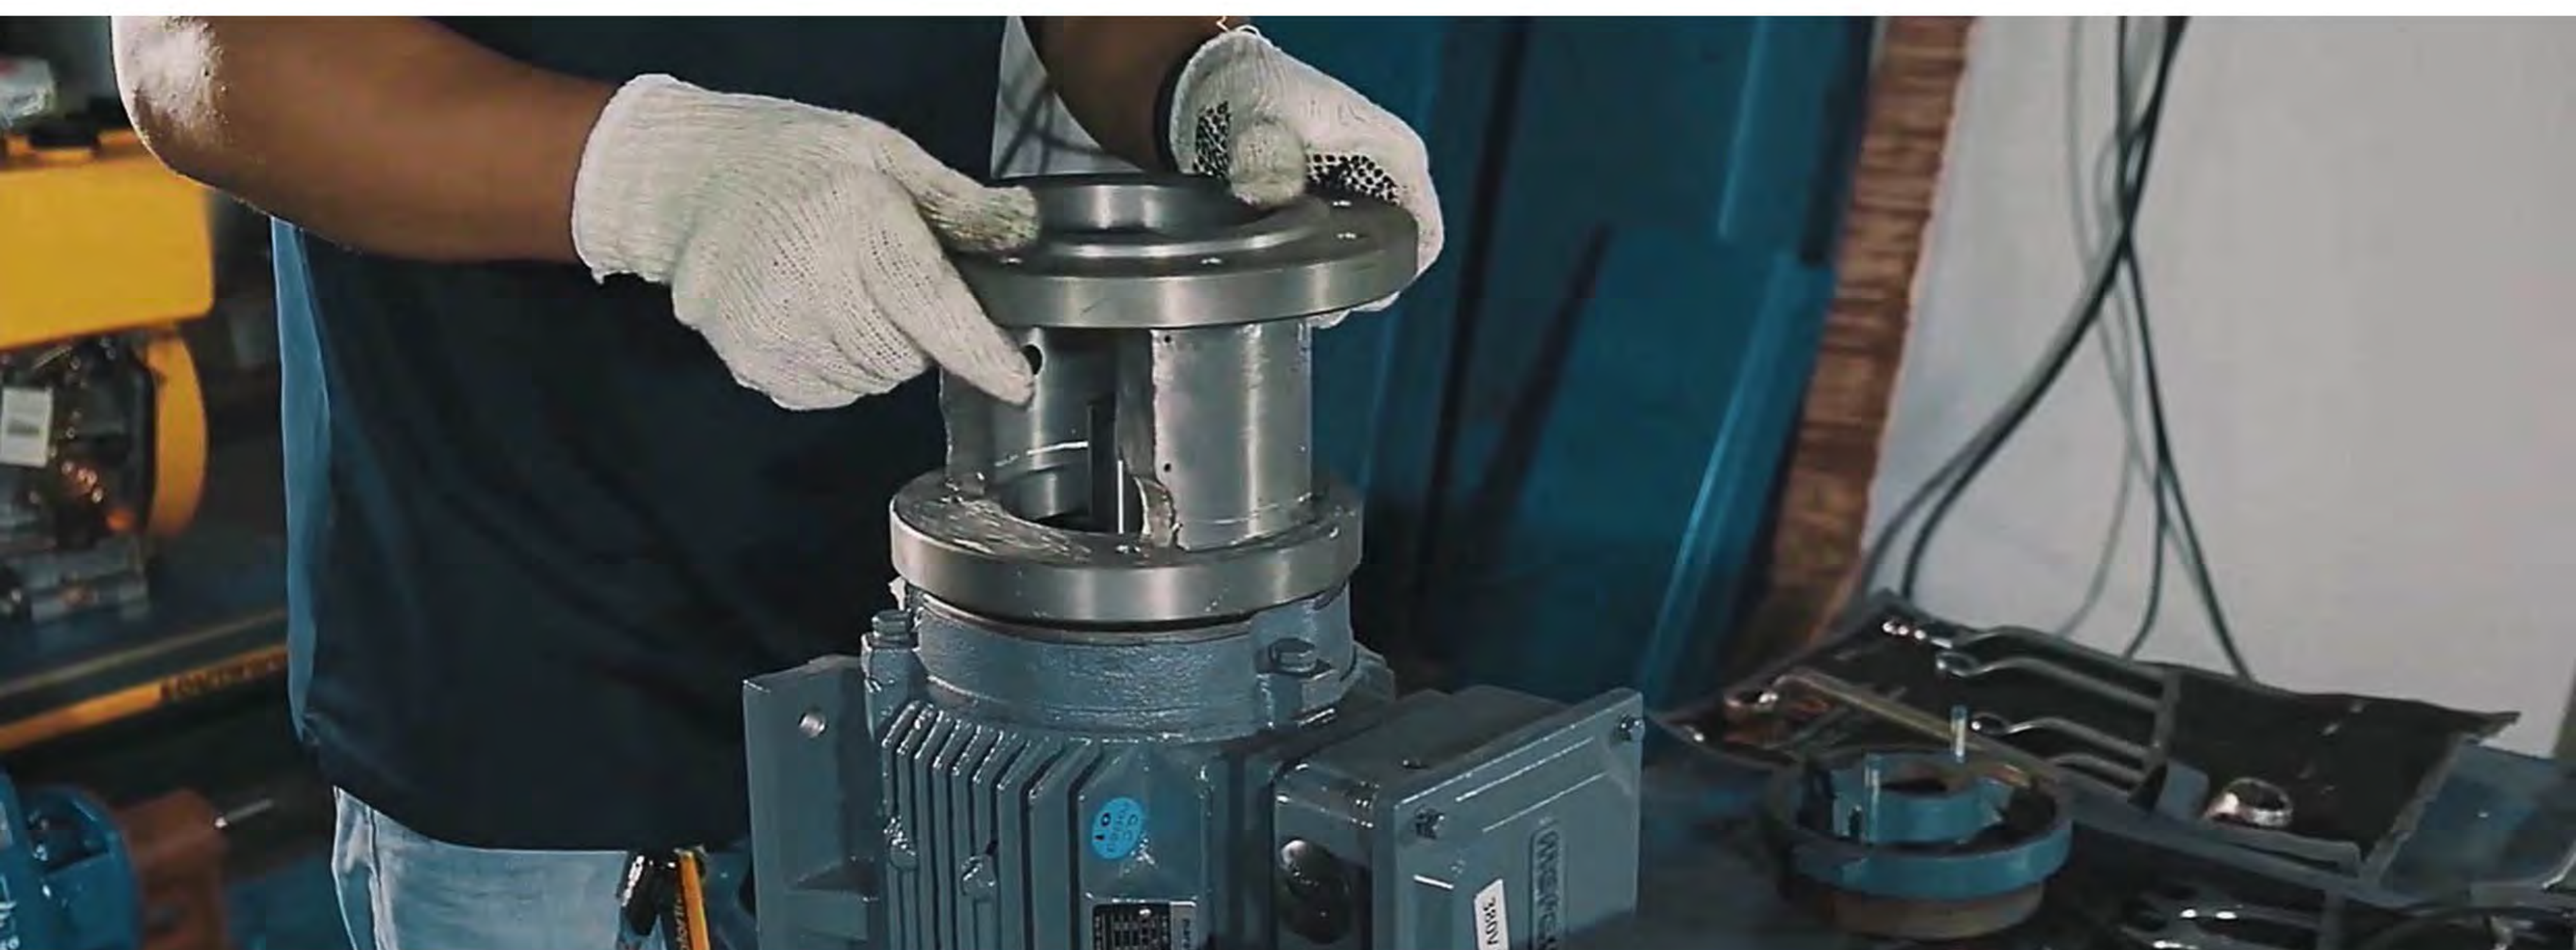

MAGMAFLO

(Made in South Africa)

- Positive Displacement Rotary Vane Pumps for
massecuite, molasses and other viscous liquids

ELECTRIC MOTORS

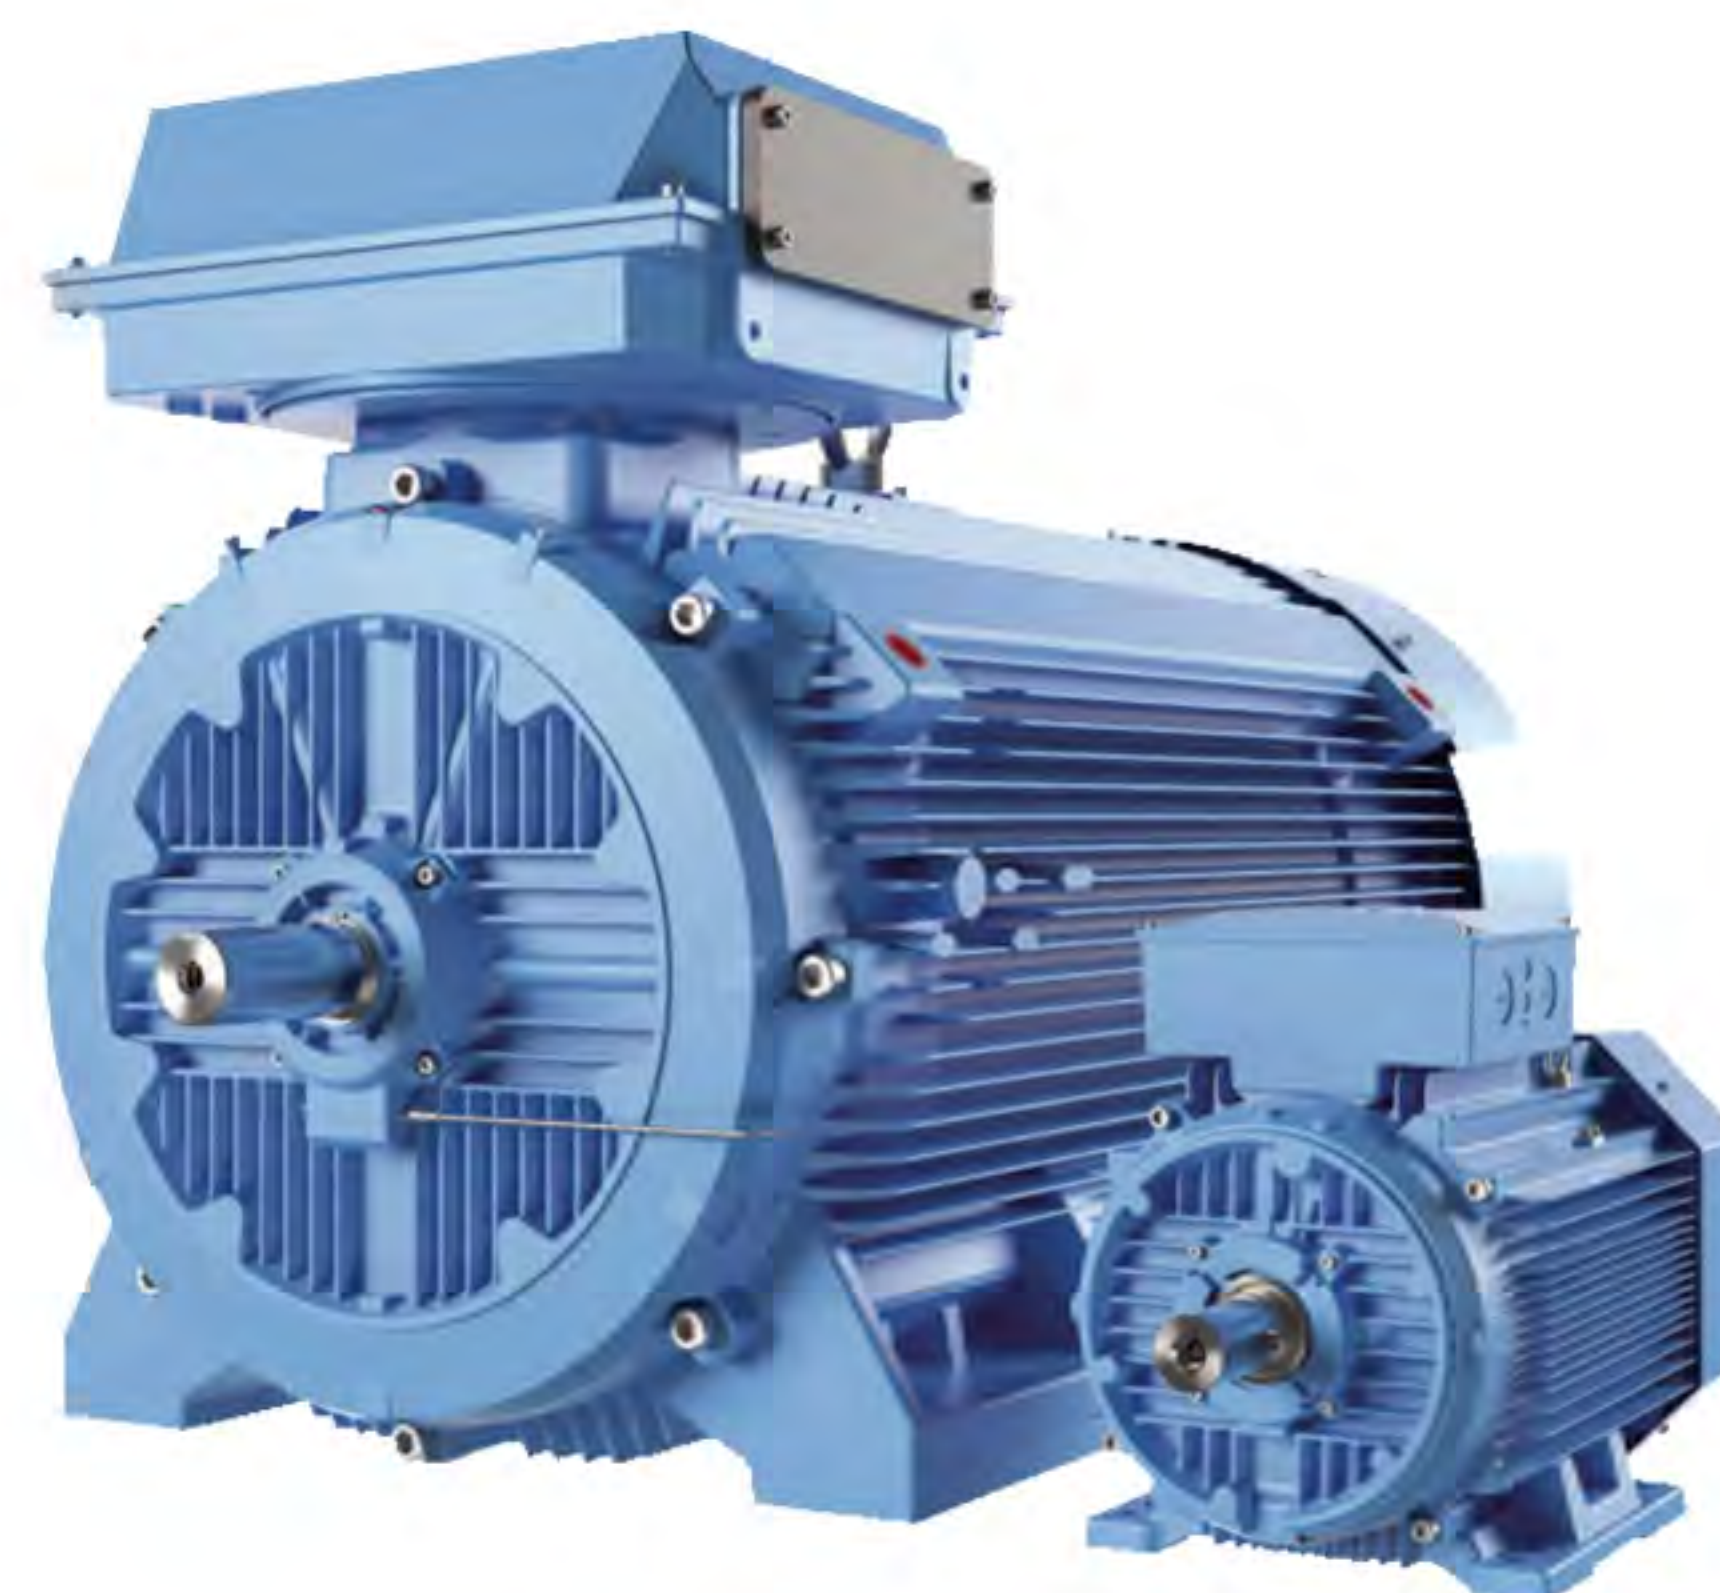

PRODUCT LINES

ABB ELECTRIC MOTORS

- IEC Design, ½ – 250 HP, Class F, TEFC, 60Hz, 3Ø, 220/440V, 1200, 1800 and 3600 RPM, Foot and Flange Mounted

IE2 High Efficiency Motor

SIEMENS ELECTRIC MOTORS

- IEC Design, ½ – 250 HP, Class F, TEFC, 60Hz, 3Ø, 220/440V, 1200, 1800 and 3600 RPM, Foot and Flange Mounted

Trimcor is the Authorized Service Provider for Siemens Low Voltage Motors.

MARATHON MOTORS

- IEC Design, ½ – 250 HP, Class F, TEFC, 60Hz, 3Ø, 220/440V, 1200, 1800 and 3600 RPM, Foot and Flange Mounted

ELECTRICAL COMPONENTS, INVERTERS, AND MOTOR CONTROLLERS

PRODUCT LINES

DANFOSS DRIVES

- Variable Frequency Drive (VFD) – Danfoss Vacon 100 Flow and Industrial
- Variable Frequency Drive (VFD) – Danfoss Vacon 20 Compact Drive
- Variable Frequency Drive (VFD) – Danfoss Vacon NX Series
- Softstarter – Danfoss MCD 500 and MCD 600

Trimcor is the Authorized Danfoss Service Partner for Danfoss Drives and Soft Starters.

HITACHI

HITACHI

- Circuit Breakers
- Magnetic Contactors
- Thermal Overload Relays
- Controller & Motor Starters

GEARED MOTORS

CUSTOMIZED SOLUTIONS

Triumph Machinery brings you a step closer to success with an effective solution, tailor made to suit your needs. With our large inventory, highly skilled manpower and engineering, Trimcor has the capability to provide you with a reliable solution that challenges your financial concern and anxiety over long lead times.

1. CONSTANT PRESSURE SYSTEMS (CPS)

Available in Single or in Multi-Pump configuration
Mounted on a common baseplate with suction and discharge manifolds as an option
Complete with VFD (Inverter) Controlled CPS Controller for operational intelligence

Application: General water services, high pressure applications, potable and non-potable supply pumps for commercial and industrial application, applications requiring pressure maintenance

2. TRAILER MOUNTED ENGINE DRIVEN PUMPS

Available in 20-200hp+ Engine size configuration, coupled with an End Suction Pump or Self Priming Pump (depending on application)
Mounted on Trailer, with Wheels, Fuel Tank, and Batteries

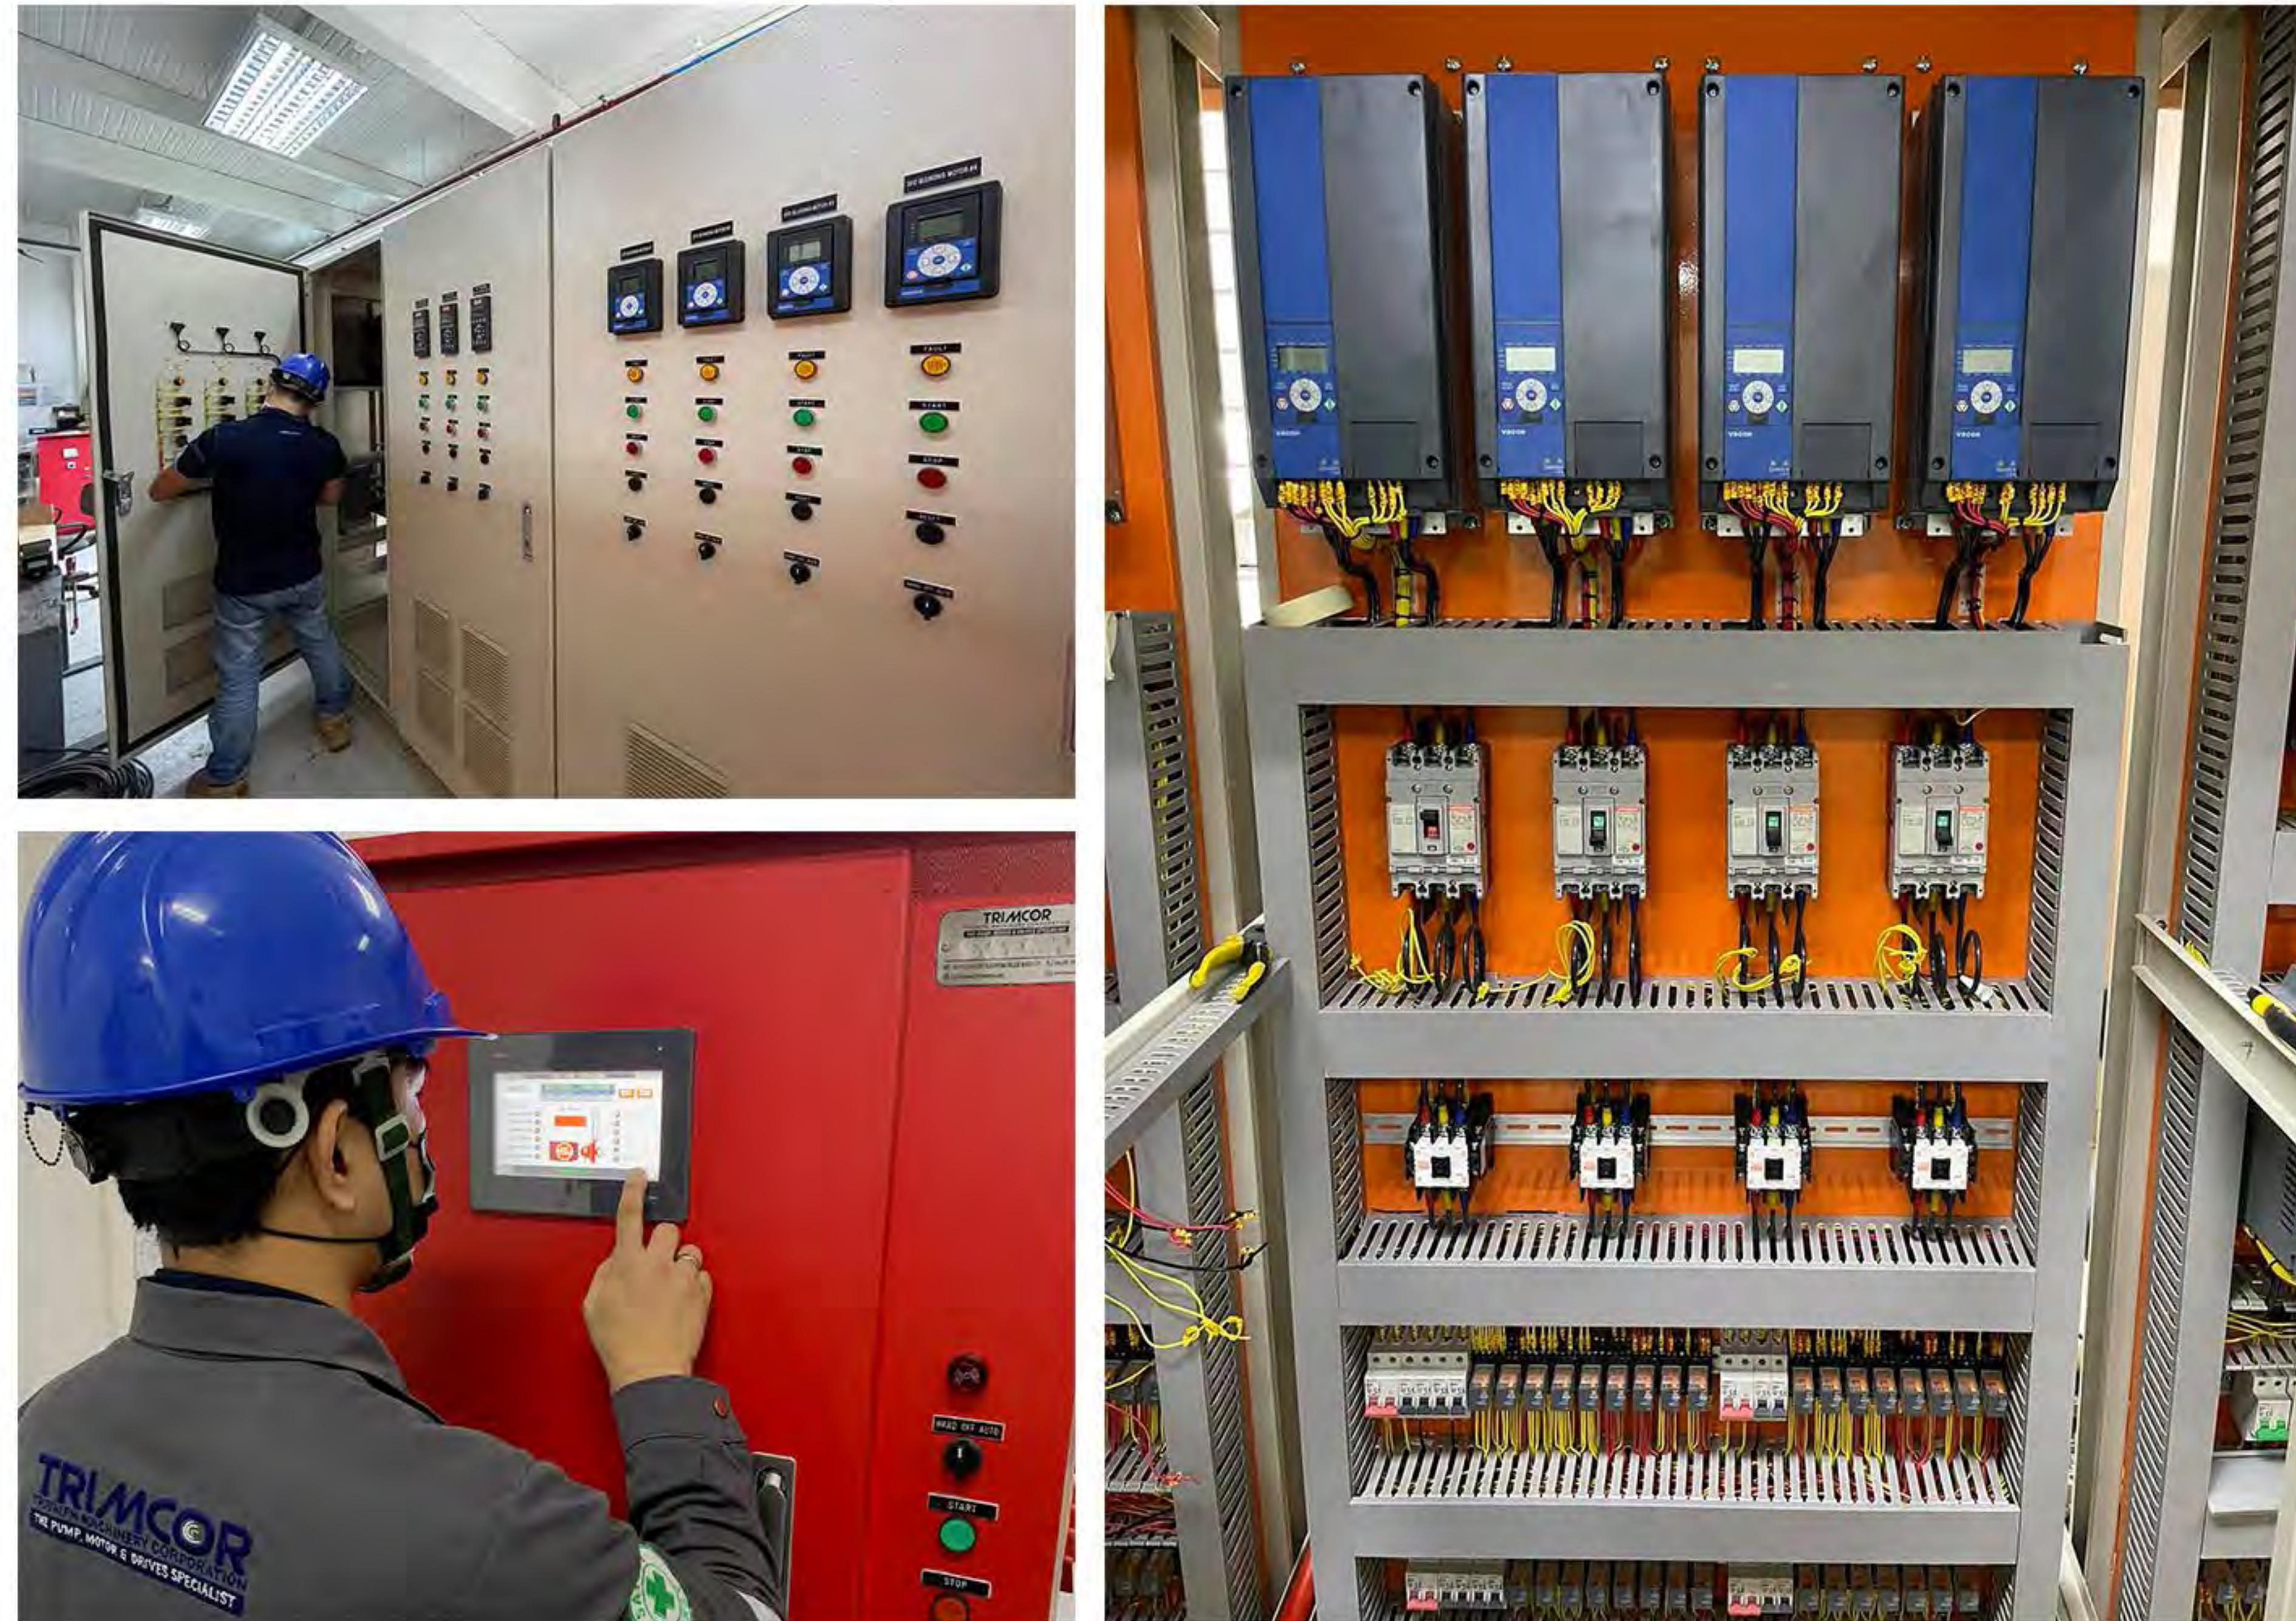

Application:

Flood control, dewatering, agricultural, fire suppression, and applications requiring pump mobility

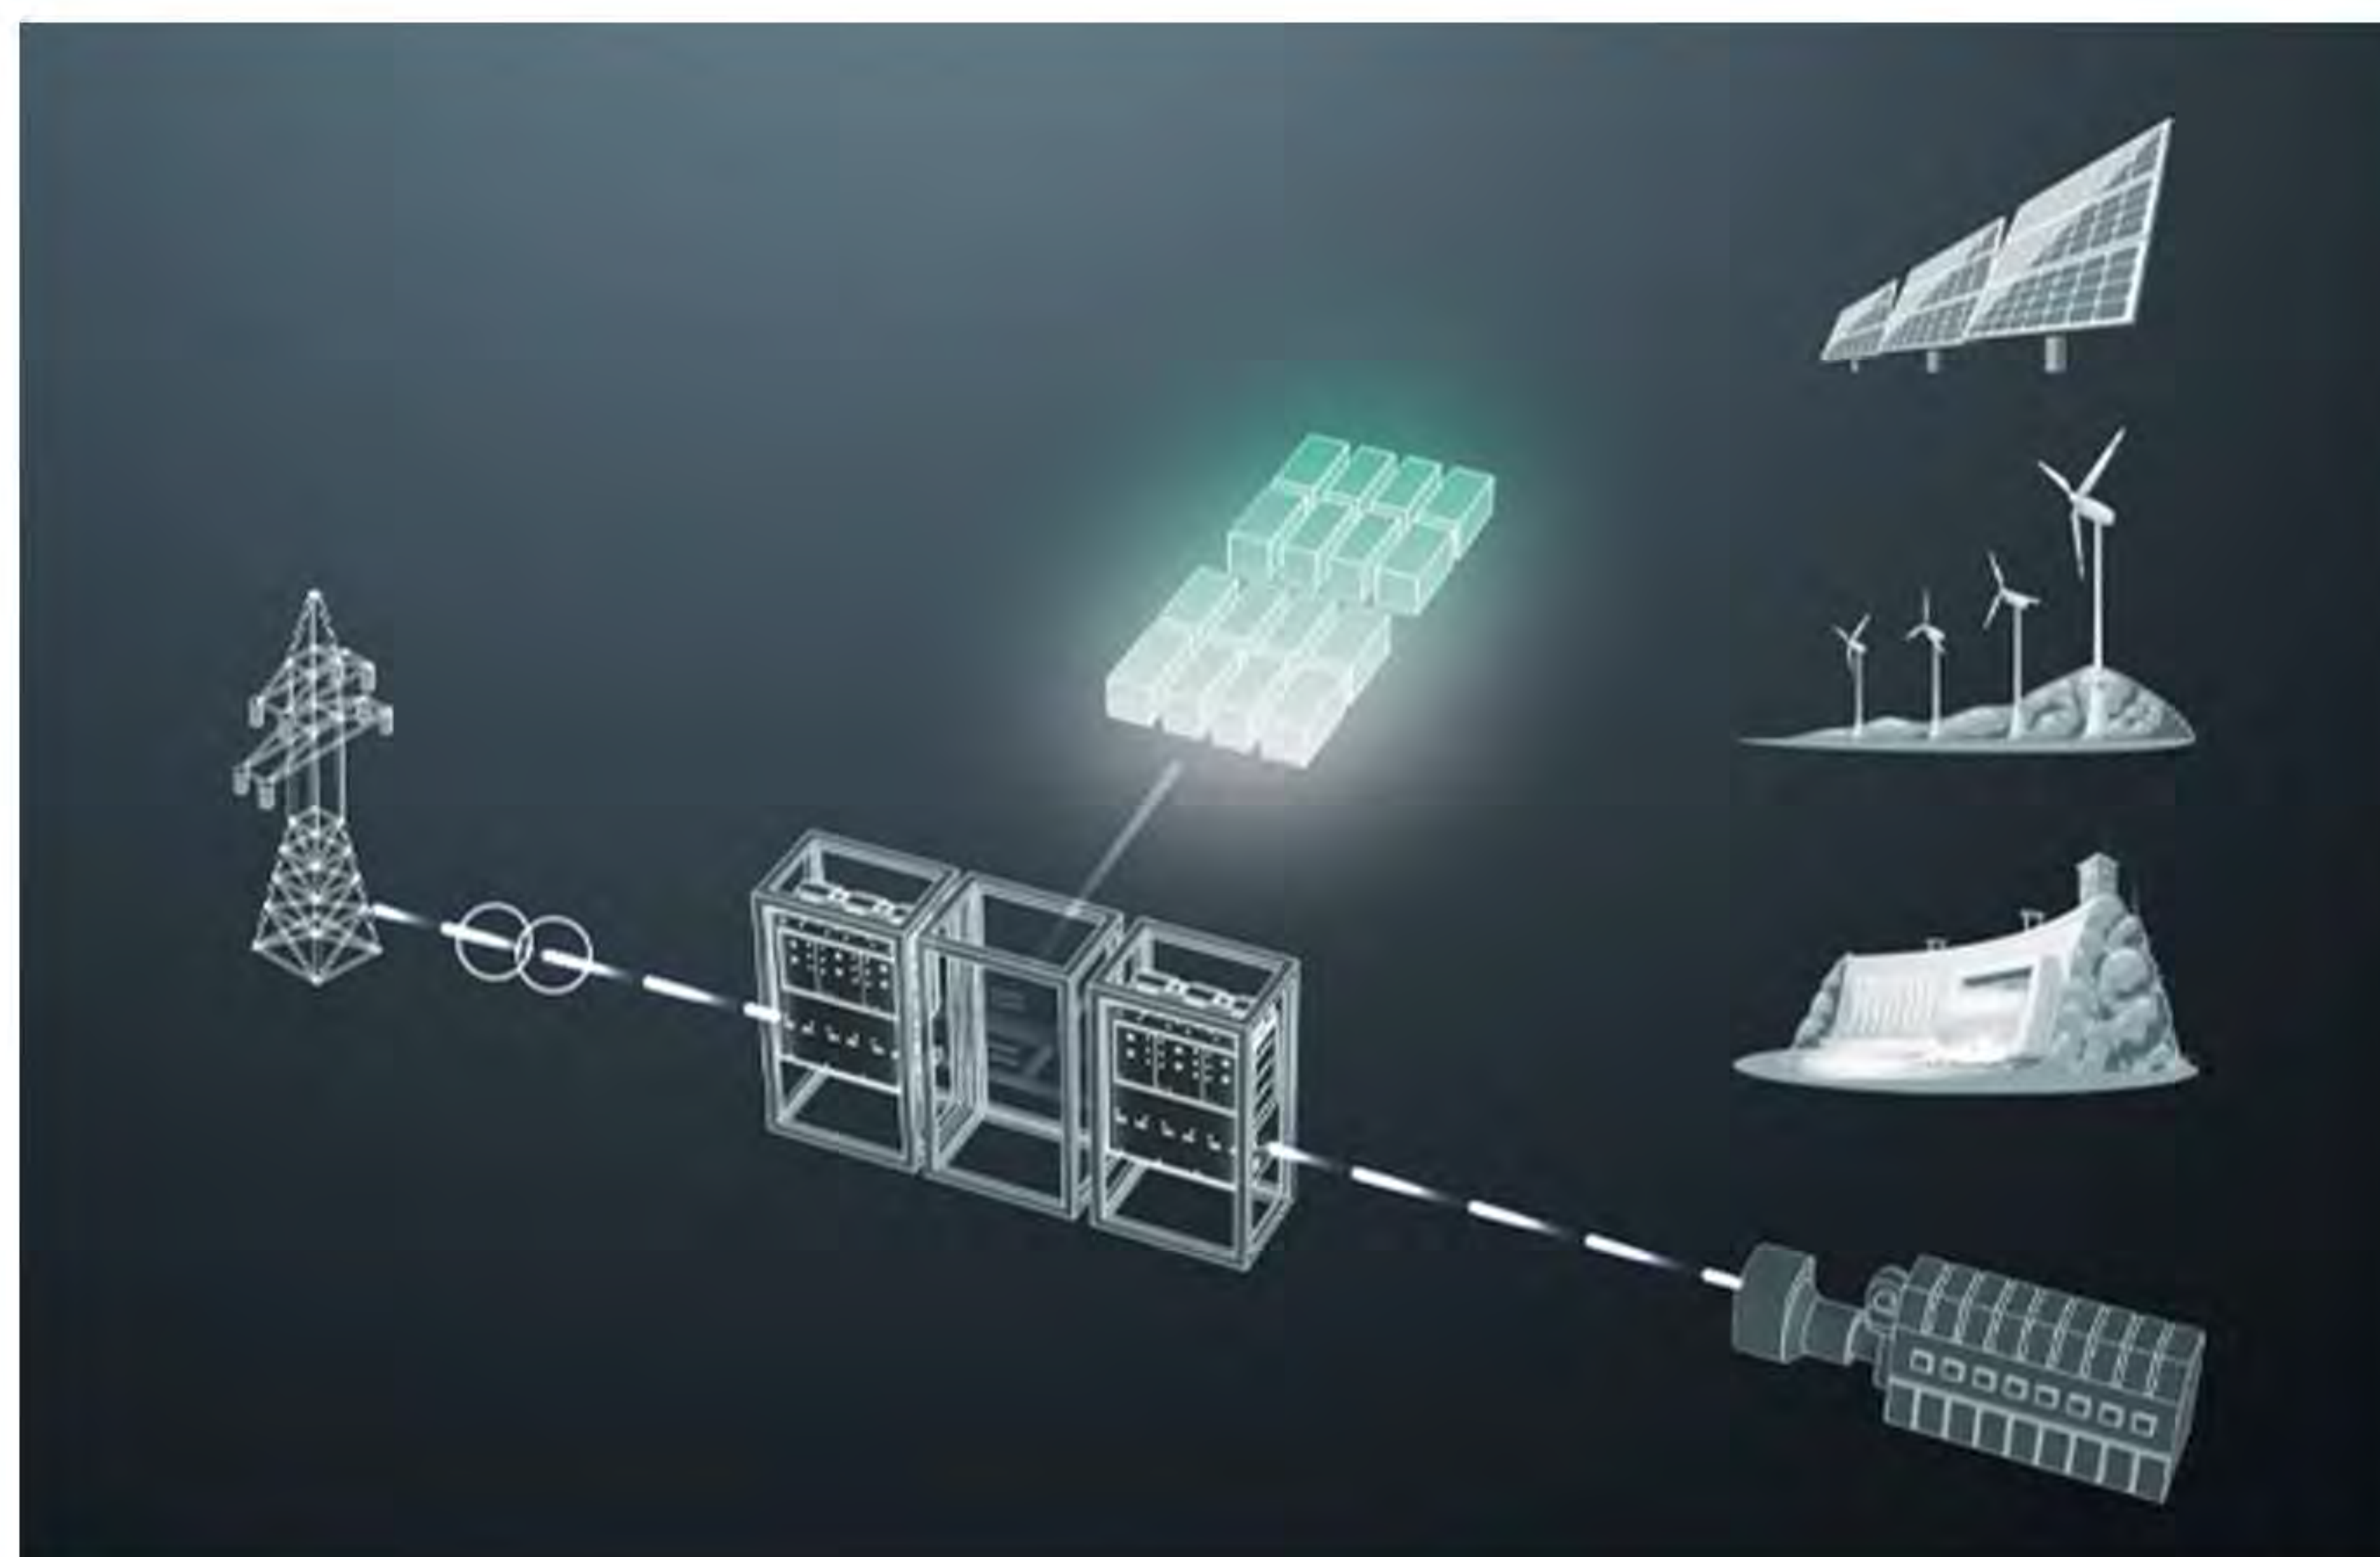

3. MOTOR CONTROL CENTER (MCC)

Trimcor offers a complete MCC customized according to your specifications. With Plant Automation at the forefront of production efficiency and reliability, Trimcor can bridge the gap between vision and reality and provide you with an innovative solution with modern technology.

4. HYBRID POWER SOLUTIONS

With a greater demand for power sustainability and plant consistency, Trimcor, together with Danfoss, has come up with an evolutionary solution for efficient energy utilization. This aims to increase plant energy efficiency, continuous production, save critical equipment, and greater profitability overall. With a combination of energy storage and VFD (Inverters), it is a simple yet alternative way to address energy conservation.

ONE STOP SHOP

Efficiency starts with you. Trimcor offers you a convenient way to manage your industrial needs. From procurement to after sales service, Trimcor will be your all in one avenue for resource and support.

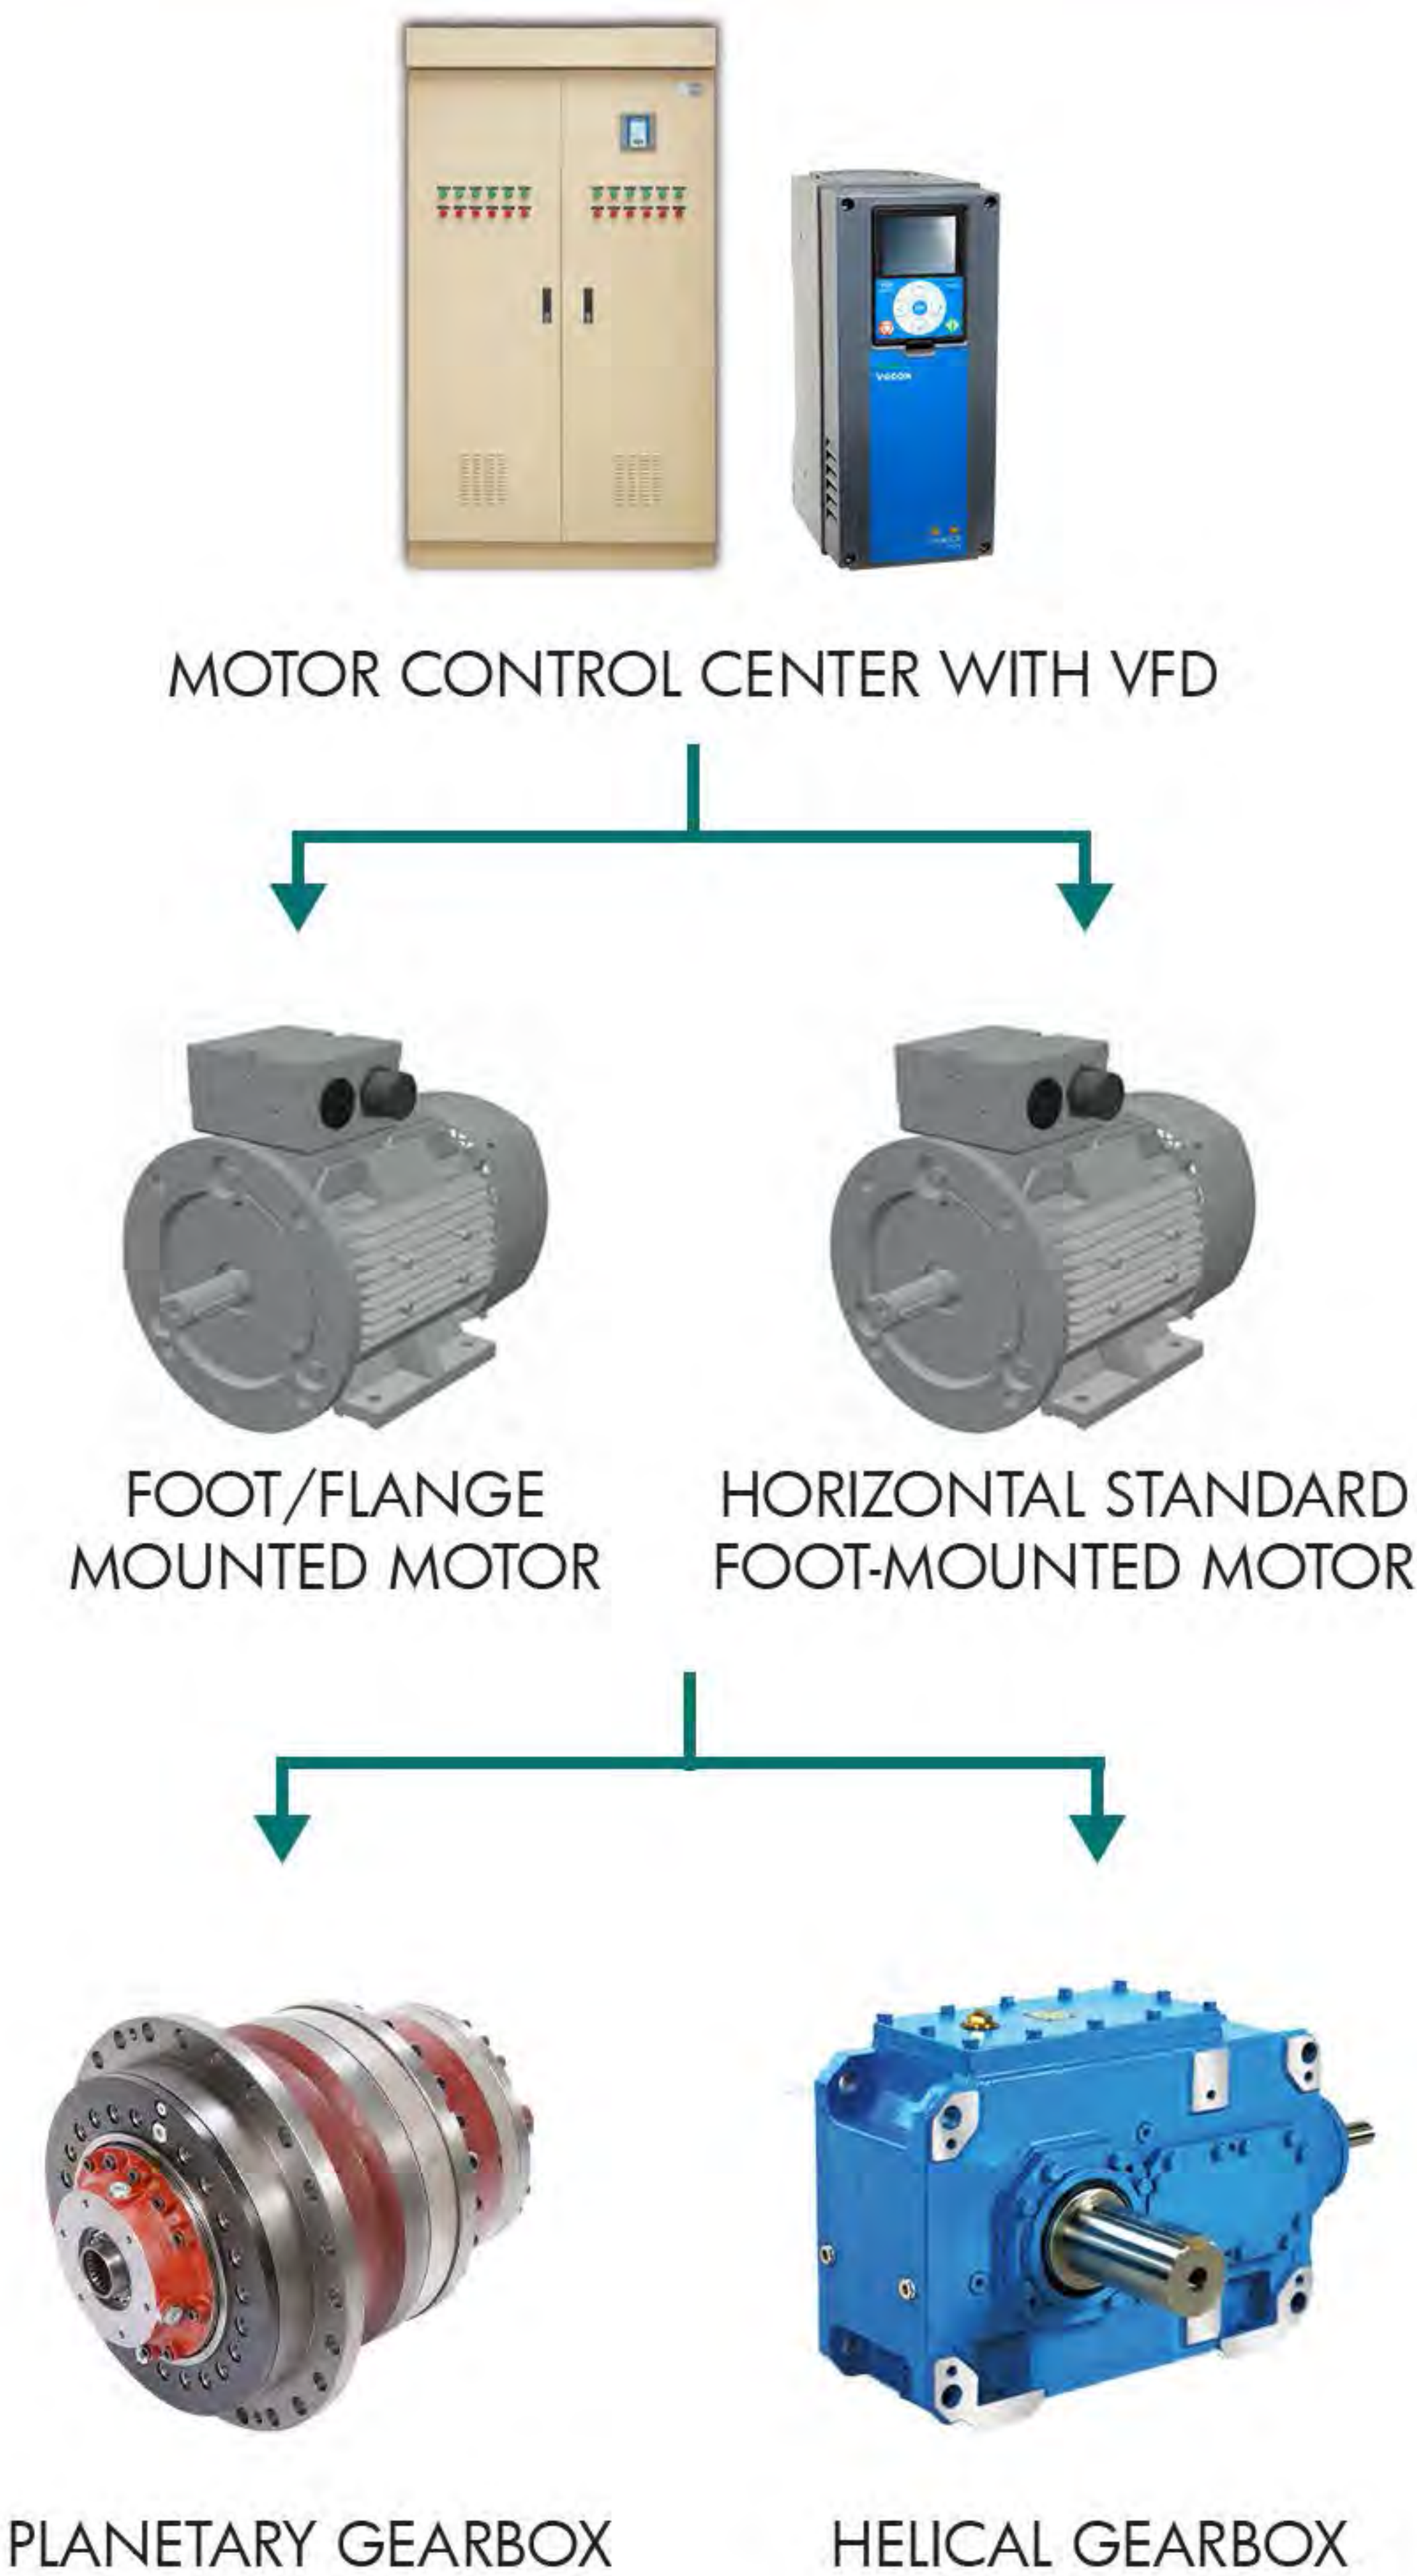

The packaged system consists of a Motor Controller, Electric Motor, Pump or Gearbox, and other components.

PUMP PACKAGE

- WATER INDUSTRY
- IRRIGATION/AGRICULTURAL
- COMMERCIAL & INDUSTRIAL

GEARED MOTOR PACKAGE

- SUGAR INDUSTRY
- MINING INDUSTRY
- HEAVY INDUSTRY
- MATERIAL HANDLING

AFTER SALES SERVICE

SPARE PARTS

- Alignment, testing, and commissioning
- Impellers, mechanical seals, oil seals, coupling, pumps shafts, and spare electrical components

MAINTENANCE SERVICES

- Predictive and preventive maintenance
- Condition monitoring
- Laser shaft alignment
- Pump maintenance
- Maintenance contracts offered
- Pump and controller installation offered
- Ultrasonic Flow Rate reading
